# LIST OF CONTENT PRESENTATION

---

04

## ABOUT US

We are passionate about architectural and design solutions. We believe that our products and services can make a difference in the world.

09

## OUR EXPERTISE

We have a proven track record of success in providing products to our clients.

16

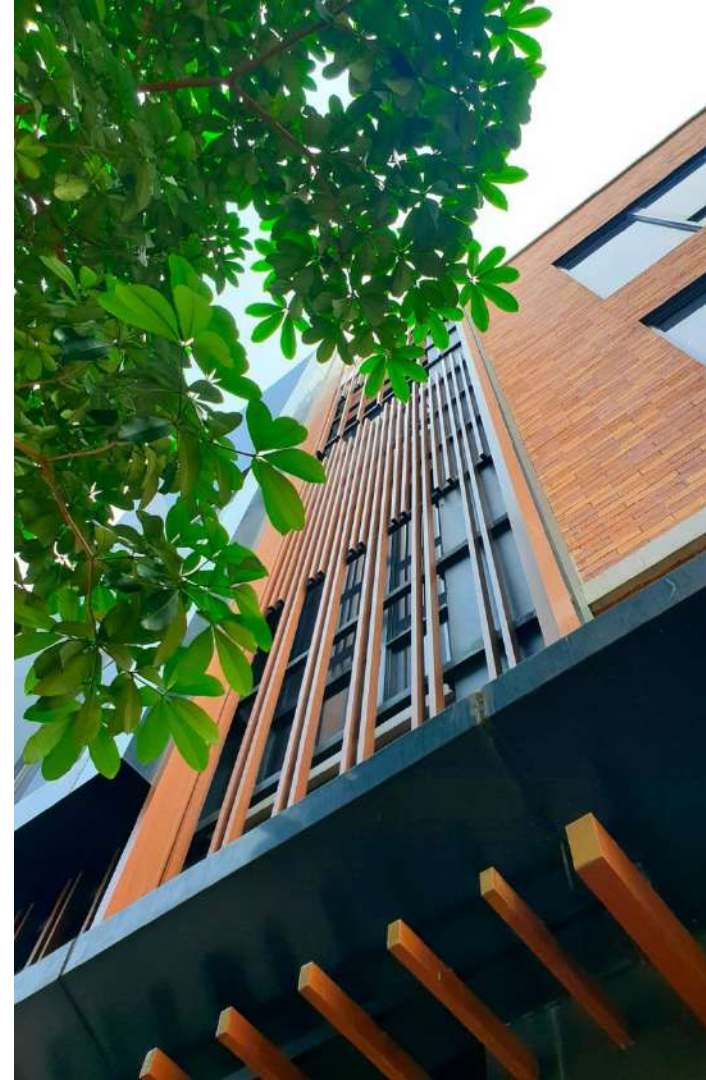

## PRODUCT AND BRAND

Be sure to highlight the unique selling points throughout our product and brand section.

21

## GALLERY PORTFOLIO

Section that showcases the company's work and capabilities.

# EXPLAINING All About Us

---

## WHO WE ARE ?

We are a manufacturing and trading company (importer), where our businesses are engaged in the development of innovative building materials.

## What do we do ?

Build relationships with architects and partners to ensure their clients get the right products.

## How Do We Work ?

We connect you with qualified experts working on projects related to what you provide.

# OUR VISION AND MISSION

---

## VISION

To be the primary supplier of new architectural products that help architects design more sustainable, efficient, and beautiful buildings.

## MISSION

- To provide customers with innovative and high-quality products that are both stylish and functional.
- We are committed to using our expertise and creativity to solve complex design challenges and deliver products that meet the needs of our clients and the environment.
- We are constantly looking for new ways to improve our products and services, and we are committed to working with our clients to create buildings that are both beautiful and sustainable.
- We are constantly looking for new products to complete our products and services, and we are committed to working with our principals to create favorable cooperation, even joining a venture to open a factory in Indonesia.

# OUR GOALS AND TEAMS

---

To describe our products or services with clear and concise language that the audience will understand.

### MOCKUP PORTFOLIO

This is a great way to reach a new audience and get exposure for your channel.

## FIND US

---

### Exhibition & Event

Exhibition is a great way to connect with potential visitors and build excitement for the exhibition.

### Sponsorship & community

More than just a conference; it is an experience. Unique and memorable experience that offers to all attendees.

# INVITE US

---

## Workshop and Product Knowledge

Participants will have the opportunity to explore and experiment with new materials or technologies relevant to the theme. This could involve physical samples, interactive demonstrations, or virtual simulations.

# WELCOME YOU

## Physical Experience Centre (PEC)

It allows you to truly interact with the products and get a feel for their quality, functionality, and aesthetics.

# WELCOME YOU

Which city are you in?

We are open to collaborating in a potential city.

# OUR BEST EXPERTISE

---

1

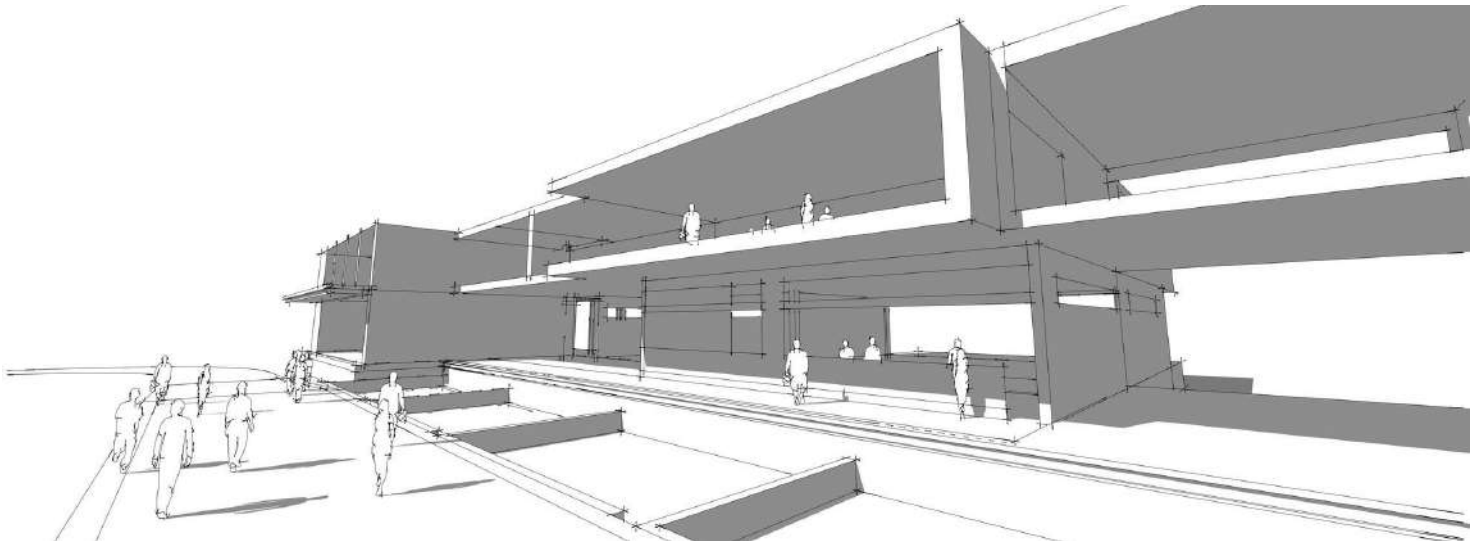

## DECORATION

Our decoration products include a wide range of items that can be used to enhance the appearance of a building's architecture or interior design.

2

## FUNCTIONAL

All architects play an important role in the construction and design of buildings, ensuring that they are safe, secure, and comfortable to use.

# DECORATION

## Interior & Exterior

### CEILING

We offer a variety of ceiling systems for both residential and commercial applications.

### Partition & Wall Decor

It can be customized to fit any space and used to create a variety of different looks.

### FACADE

We can refurbish existing facades to improve their appearance and performance. We can also upgrade the facade to meet the latest building codes.

# FUNCTIONAL

## Door and Window

We offer a wide range of premium doors and entry systems for both residential and commercial applications.

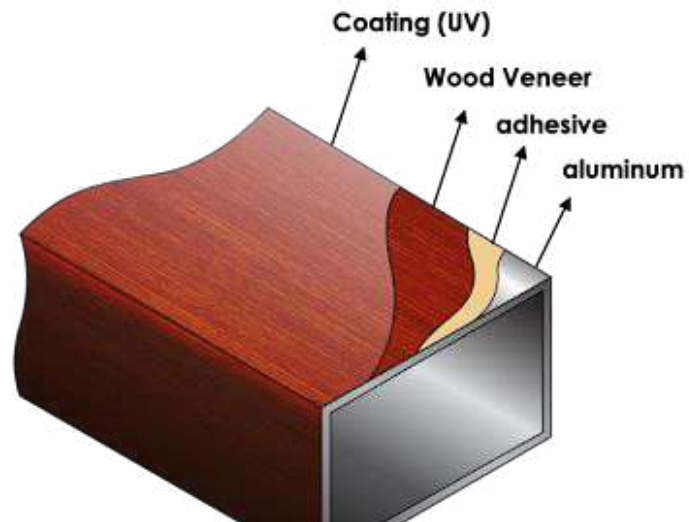

## DECKING

It is a natural material that has a warm, inviting look and feel. Ensure regular maintenance, such as staining or sealing, to protect it from the elements.

## Wastewater Management

The goal of wastewater management is to protect human health and the environment by removing harmful pollutants from wastewater. Wastewater treatment plants (WWTPs) are used to treat wastewater before it is discharged back into the environment.

# INNOVATIVE PREMIUM ARCHITECTURE DECKING

EF

## WHAT

APA-PVC by Aluveen is a next-generation polymer material developed from high-grade PVC enhanced with advanced polymer alloy technology.

This innovation produces a material that is stronger, more dimensionally stable, and more weather-resistant than conventional PVC or wood-plastic composites (WPC).

EF

## TYPES

We have two different types of decking: no gap decking and solid decking.

## DURABLE

Our materials are designed not only to look exceptional at installation, but to remain stable, strong, and visually consistent over time — even in tropical climates.

**EXi**  
FLOOR

# MODERN DRAINAGE

FG

## SOLUTION

Modern drainage systems are designed to be more efficient, sustainable, and aesthetically pleasing.

FG

## INNOVATION

Innovative modern drainage systems are a wise investment for the future.

## SPECIFICATION

These systems are typically made from polymer concrete or polypropylene, where they have a grate or slot inlet at the surface level and are designed to withstand light to heavy loads in large amounts of water, as well as being designed for sports fields such as football stadiums and circuits.

# GREASE CAPTURE

FG

## WHAT

ACO Grease Capture is a compact, passive grease separator that is designed to protect the internal plumbing of buildings from blockages caused by fats, oils, and grease (FOG).

## SPECIFICATIONS

It is made from stainless steel and is available in a variety of sizes to suit different applications.

FG

## MODERN GREASE CAPTURE

ACO Grease Capture is a CE-certified product and meets the requirements of EN 1825. It is also NSF-approved for use in foodservice establishments.

Easy to install! Easy to Maintain!

# OUR BRAND

# OUR CLIENTS

## END USER

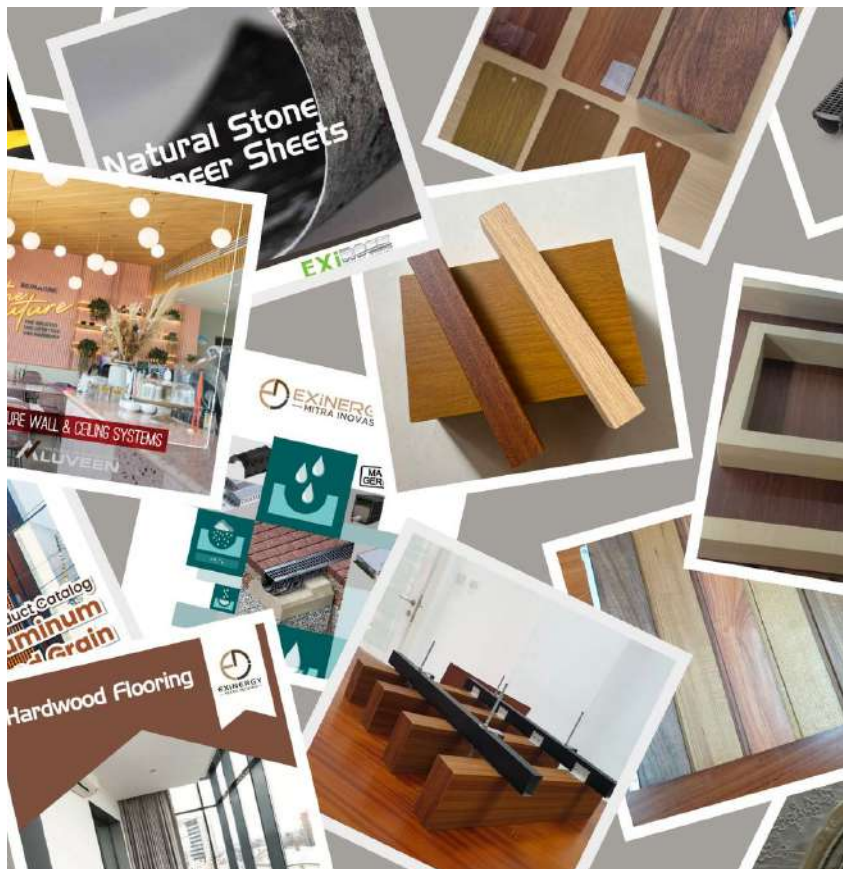

We will show them that we value their business and that you're committed to providing them with a good experience.

## THIRD-PARTY

Always act professionally. Being courteous, respectful, and timely. It's important to follow up to make sure they are satisfied with our work.

# WHAT WE SUPPORT

---

## BROCHURES & SAMPLES

To ensure the clients touch and feel the product, such as its features, benefits, and pricing.

## MOCKUP & DEMO UNIT

This can help potential customers learn more about the product or service and decide if it is right for them.

## CUSTOM

There are also some challenges to offering custom color and size options. It can be more expensive to produce. It can also be more time-consuming to process orders and ship products.
